

ANDREW SNIDER CREATIVE

I am an experienced Senior Creative possessing a broad range of skills in a wide array of mediums from old school to the bleeding edge. From extensive work in retail display, package design, B to B and retail marketing, to Web, UI and UX design. Refined typography, fresh photography combined with a conceptual foundation and smart design are just a few of my favorite things.

My expertise in software is always growing, however Photoshop, Illustrator and InDesign are my daily tools. Proficient in the Office suite of Word, Excel and Powerpoint. I can also whip up a mean sketch with pen and paper.

The objective of the work I do is not to simply satisfy the requests of the creative brief, rather it is to exceed the expectations and create possibilities and new growth. I welcome an opportunity to contribute in this manner.
